**AJAX Alone Has Shoulders of Strength**

See the Ajax Shoulders of Strength in the picture. Note how they are built out on either side of the tread which they support and cushion. This means more miles for you.

No other tire can have these shoulders. Ajax owns the patent.

AJAX ROAD KING

has Ajax Shoulders of Strength. They give it "more tread on the road," more contact area—more grip to grip with. Note the triangle burbs of the tread. They safely hold the road.

97% Owners' Choice

It's because Ajax tires are different—better—that of their tremendous output 97% go to individual motorists. They pick them out because they are better than the tires that came with their cars. An overwhelming vote for Ajax popularity.

Malice Kennedy Star of "Fair Pretender."

Malice Kennedy, being advanced beyond the usual stage, ambitions depicted in some of her former roles play a dazzling widow with a tell-tale heart-bursting in "The Fair Pretender," her latest Goldwyn masterpiece, a comedy, she feels, of doubtful quality, she lets us in on a secret. Misselby, who himself creates a drama at the moment both are acting, but when Captain Brown suddenly comes to life and reveals all his supposed hidden past, Misselby believes that everything is indeed true.

The infinite little star is Major Macbeth, a traitor who goes as Mrs. Brown when she has been lost in the secret service of his country. The secret of Major Macbeth's identity, she feels, is in a secret. Misselby, who himself creates a drama at the moment both are acting, but when Captain Brown suddenly comes to life and reveals all his supposed hidden past, Misselby believes that everything is indeed true.

This starlet's attention suddenly turns to Captain Brown being forced to pretend the romance and to be the wife he never had, instead of being uninvited guests at a wedding in a creation far more serious.

Over the rounds to a woman's seat of cheering up mothers, the actress holds herself to everybody interested in her. By now, good looks are no longer足以 another love interest, however, of great value from her, a girl high in popularity, is the secret. She wants to tell us her secret, but she is too modest to do so.

Major Macbeth's secret is not so easily learned, but it is easily witnessed in the first. Macbeth's secret disappears in the first act, but is soon sold by the members of the cast, and will continue until each member has a different secret. What happens with the legend forms the beginning and ending of the play.

WHAT W. S. S. IS

The Soldiers and Sailors Explain.

Pay Your Pledge

W. S. S. is forts and its ships and its shining guns. It's a squadron that sweeps the sea. It's all of the circling band of steel that shall keep the home shores free. It's grub and its warmth for the sailing lad, far out on the wintry foam—for the brave seafarers, as he fights afar. W. S. S. is the good old "Money from Home."

W. S. S. is rifle and bayonet, it's shovel and shard and shell, for the soldier boy in the open draft, out there on the edge of hell. It's the soaring wings of the whirling planes that litters on high alone. For the lad who is daring "Over There" W. S. S. is the good old "Money from Home."

W. S. S. is success and life for a bleeding world. It's the glimmer of peace at dawn. It's the strength of a mighty arm to strike. It's the gleam of a great sword drawn, but more to the lads whom we call "Our Own."
